

About Alcohol: Ten Tips for Teens

1. **Know the law.** Alcohol is illegal to buy or possess if you are under 21.
2. **Get the facts right.** One 12-ounce beer has as much alcohol as a 1.5-ounce shot of whiskey or a 5-ounce glass of wine.
3. **Stay informed.** Wine coolers look like juice sparklers but they have just as much alcohol as a 12-ounce beer. One glass of clear malt can give a teenager a .02 on a breathalyzer test. In NH that is enough for anyone under the age of 21 to lose his/her driver's license.
4. **Be aware of the risks.** Drinking increases the risk of injury. Car crashes, falls, burns, drowning, and suicide are often linked to alcohol and other drug abuse.
5. **Keep your edge.** Alcohol can ruin your looks, give you bad breath, weaken your sports performance, and make you gain weight.
6. **Play it safe.** Drinking can lead to intoxication and even death.
7. **Do the smart thing.** Drinking puts your health, education, family ties, and social life at risk.
8. **Be a real friend.** If you know someone with a drinking problem, be part of the solution.
9. **Remain alert.** Be aware of claims that alcohol means glamour and adventure. Stay clear on what's real and what's illusion.
10. **Sweep away the myths.** Having a designated driver is no excuse to drink. Drinking only at home, or sticking only to beer, does not make drinking any "safer."
